Health & Safety Policy

FUFC is strongly committed to encouraging our members to take part, but the health, well-being and safety of each individual is always our paramount concern. We recommend levels of training dependent on age and ability, and expect our junior athletes to participate within these boundaries.

To support our Health & Safety policy statement we are committed to the following duties:

- Undertake regular, recorded risk assessment of the club/tournament premises and all activities undertaken by the club.
- Create a safe environment by putting health & safety measures in place as identified by the assessment.
- Ensure that all members are given the appropriate level of training and competition by regularly assessing individual ability dependant on age, maturity and development.
- Ensure that all members are aware of, understand and follow the club's health & safety policy.
- Appoint a competent club member to assist with health and safety responsibilities.
- Ensure that normal operating procedures and emergency operating procedures are in place and known by all members.
- Provide access to adequate first aid facilities, telephone and qualified first aider at all times.
- Report any injuries or accidents sustained during any club activity, or whilst on the club premises.
- Ensure that the implementation of the policy is reviewed regularly and monitored for effectiveness.

AS A CLUB MEMBER YOU HAVE A DUTY TO:

Child Protection Policy

INTRODUCTION

Farnham Unihockey Floorball Club now referred to as (FUFC) throughout this policy will make provision for children and young people and will ensure that: The welfare of the child is paramount;

All children, whatever their age, culture, disability, gender, language, racial origin religious beliefs and/or sexual identity have the right to protection from abuse; All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately;

All staff (paid/unpaid) working with FUFC have a responsibility to report concerns to the appropriate officer.

Staff/volunteers are not trained to deal with situations of abuse or to decide if abuse has occurred.

POLICY STATEMENT AND AIMS

The Farnham Unihockey & Floorball Club (FUFC) has a duty of care to safeguard all children involved with FUFC from harm. All children have a right to protection, and the needs of disabled children and others who may be particularly vulnerable must be taken into account. FUFC will ensure the safety and protection of all children involved with FUFC through adherence to the Child Protection guidelines adopted by FUFC.

A child is defined as a person under the age of 18 (The Children Act 1989).

Policy aims

The aim of the FUFC Child Protection Policy is to promote good practice: Providing children and young people with appropriate safety and protection whilst in the care of FUFC;

Allow all staff /volunteers to make informed and confident responses to specific child protection issues.

Promoting good practice

Child abuse, particularly sexual abuse, can arouse strong emotions in those facing such a situation. It is important to understand these feelings and not allow them to interfere with your judgement about the appropriate action to take.

Abuse can occur within many situations including the home, school and the sporting environment. Some individuals will actively seek employment or voluntary work with young people in order to harm them. A coach, instructor, teacher, official or volunteer will have regular contact with young people and be an important link in identifying cases where they need protection. All suspicious cases of poor practice should be reported following the guidelines in this document.

When a child enters the club having been subjected to child abuse outside the sporting environment, sport can play a crucial role in improving the child's self-

Farnham Unihockey & Floorball Club

esteem. In such instances the club must work with the appropriate agencies to ensure the child receives the required support.

FUFC will appoint a senior person as a Child Welfare Officer who will take responsibility for the operation of this Policy Guidance.

GOOD PRACTICE GUIDELINES

All personnel should be encouraged to demonstrate exemplary behaviour in order to protect themselves from false allegations. The following are common sense examples of how to create a positive culture and climate.

Good practice means:

- Always working in an open environment (e.g. avoiding private or unobserved situations and encouraging open communication with no secrets).
- Treating all young people/disabled adults equally, and with respect and dignity.
- Always putting the welfare of each young person first, before winning or achieving goals.
- Maintaining a safe and appropriate distance with players (e.g. it is not appropriate for staff or volunteers to have an intimate relationship with a child or to share a room with them).
- Building balanced relationships based on mutual trust which empowers children to share in the decision-making process;
- Making sport fun, enjoyable and promoting fair play.
- Ensuring that if any form of manual/physical support is required, it should be provided openly and according to guidelines provided by the Coach Education Programme. Care is needed, as it is difficult to maintain hand positions when the child is constantly moving. Young people should always be consulted and their agreement gained. Some parents are becoming increasingly sensitive about manual support and their views should always be carefully considered.
- Keeping up to date with technical skills, qualifications and insurance in sport.
- Involving parents/carers wherever possible. For example, encouraging them to take responsibility for their children in the changing rooms. If groups have to be supervised in the changing rooms, always ensure parents, teachers, coaches or officials work in pairs.
- Ensuring that if mixed teams are taken away, they should always be accompanied by a male and female member of staff. However, remember that same gender abuse can also occur.
- Ensuring that at tournaments or residential events, adults should not enter children's rooms or invite children into their rooms.
- Being an excellent role model – this includes not smoking or drinking alcohol in the company of young people.

Farnham Unihockey & Floorball Club

- Giving enthusiastic and constructive feedback rather than negative criticism.
- Recognising the developmental needs and capacity of young people and disabled adults – avoiding excessive training or competition and not pushing them against their will.
- Securing parental consent in writing to act *in loco parentis*, if the need arises to administer emergency first aid and/or other medical treatment.
- Keeping a written record of any injury that occurs, along with the details of any treatment given.
- Requesting written parental consent if club officials are required to transport young people in their cars.

Practices to be avoided

The following should be **avoided** except in emergencies:

- If cases arise where these situations are unavoidable it should be with the full knowledge and consent of someone in charge in the club or the child's parents. For example, a child sustains an injury and needs to go to hospital, or a parent fails to arrive to pick a child up at the end of a session
- Avoid spending excessive amounts of time alone with children away from others
- Avoid taking or dropping off a child to an event

Practices never to be sanctioned

The following should **never** be sanctioned. You should never:

- Engage in rough, physical or sexually provocative games, including horseplay
- Share a room with a child
- Allow or engage in any form of inappropriate touching
- Allow children to use inappropriate language unchallenged
- Make sexually suggestive comments to a child, even in fun
- Reduce a child to tears as a form of control
- Allow allegations made by a child to go unchallenged, unrecorded or not acted upon
- Do things of a personal nature for children or disabled adults, that they can do for themselves
- Invite or allow children to stay with you at your home unsupervised

Farnham Unihockey & Floorball Club

N.B. It may sometimes be necessary for staff or volunteers to do things of a personal nature for children, particularly if they are young or are disabled. These tasks should only be carried out with the full understanding and consent of parents and the players involved. There is a need to be responsive to a person's reactions. If a person is fully dependent on you, talk with him/her about what you are doing and give choices where possible. This is particularly so if you are involved in any dressing or undressing of outer clothing, or where there is physical contact, lifting or assisting a child to carry out particular activities. Avoid taking on the responsibility for tasks for which you are not appropriately trained.

INCIDENTS THAT MUST BE REPORTED/RECORDED

If any of the following occur you should report this immediately to another colleague and record the incident. You should also ensure the parents of the child are informed:

- If you accidentally hurt a player.
- If he/she seems distressed in any manner.
- If a player appears to be sexually aroused by your actions.
- If a player misunderstands or misinterprets something you have done.

USE OF PHOTOGRAPHIC/FILMING EQUIPMENT AT SPORTING EVENTS

There may be occasions where FUFC would wish to video and photograph its members during competition, coaching and training sessions. Photography and film should only be used only if parents and carers have indicated on the membership form that they have given their consent to FUFC.

Performers and their parents/carers should be made aware that this is part of the coaching programme and such films should be stored safely.

'APPROVED' COACHES

The FUFC will endeavour to ensure checks are carried out on volunteers likely to be involved in the coaching of children under the age of 18. Inevitably however, there is a likelihood of individuals unknown to FUFC who offer coaching assistance. Those who have not been 'approved' either by FUFC or by any third party should not be left with any persons under the age of 18 unaccompanied under any circumstances.

RECRUITMENT AND TRAINING OF STAFF AND VOLUNTEERS

The FUFC recognises that anyone may have the potential to abuse children in some way and that all reasonable steps are taken to ensure unsuitable people are prevented from working with children.

For staff / coaches likely to be involved in coaching or organising events predominantly involving minors, the instigating team captain/organisers are responsible for identifying those individuals who require checks.

Pre-selection checks must include the following:

- Consent should be obtained from an applicant to enable FUFC to seek information from the Criminal Records Bureau.

Farnham Unihockey & Floorball Club

- Evidence of identity (passport or driving licence with photo).

INTERVIEW AND INDUCTION

All volunteers will be required to undergo an interview carried out to acceptable protocol and recommendations. All volunteers should receive formal or informal induction, during which:

- A check should be made on criminal records and self-disclosures.
- The job requirements and responsibilities should be clarified.
- Child protection procedures are explained and a copy of the FUFC Child Protection Policy given to all volunteers.
- Training needs should also be identified.

TRAINING

In addition to pre-selection checks, the safeguarding process includes training after recruitment to help staff and volunteers to:

- Analyse their own practice against established good practice, and to ensure their practice is likely to protect them from false allegations.
- Recognise their responsibilities and report any concerns about suspected poor practice or possible abuse.
- Respond to concerns expressed by a child or young person.
- Work safely effectively with children.

THE FUFC POLICY GUIDANCE SUGGESTS:

Relevant personnel to receive advisory information outlining good practice and informing them about what to do if they have concerns about the behaviour of an adult towards a young person.

Relevant personnel to gain national first aid training (where necessary). Attend update training when necessary. Information about meeting training needs can be obtained from Sports Coach UK, the NSPCC, and the Sport Council.

Responding to allegations or suspicions

It is not the responsibility of anyone working for FUFC, in a paid or unpaid capacity to decide whether or not child abuse has taken place. However there is a responsibility to act on any concerns through contact with the appropriate authorities.

FUFC will assure all staff/volunteers that it will fully support and protect anyone, who in good faith reports his or her concern that a colleague is, or may be, abusing a child.

Where there is a complaint against a member of staff there may be three types of investigation:

- A criminal investigation,

Farnham Unihockey & Floorball Club

- A child protection investigation,
- A disciplinary or misconduct investigation.
- The results of the police and child protection investigation may well influence the disciplinary investigation, but not necessarily.

ACTION IF THERE ARE CONCERNS

1. Concerns about poor practice:

If, following consideration, the allegation is clearly about poor practice; the FUFC Child Welfare Officer will deal with it as a misconduct issue.

If the allegation is about poor practice by the FUFC Child Welfare Officer, or if the matter has been handled inadequately and concerns remain, it should be reported to the relevant FUFC officer who will decide how to deal with the allegation and whether or not to initiate disciplinary proceedings.

2. Concerns about suspected abuse

Any suspicion that a child has been abused by either a member of staff or a volunteer should be reported to the FUFC Child Welfare Officer, who will take such steps as considered necessary to ensure the safety of the child in question and any other child who may be at risk.

The FUFC Child Welfare Officer will refer the allegation to the social services department who may involve the police, or go directly to the police if out-of-hours.

The parents or carers of the child will be contacted as soon as possible following advice from the social services department.

The FUFC Child Welfare Officer will also notify other senior FUFC officers and will deal with any media enquiries.

If the FUFC Child Welfare Officer is the subject of the suspicion/allegation, the report must be made to other senior FUFC officers who will refer the allegation to Social Services.

CONFIDENTIALITY

Every effort should be made to ensure that confidentiality is maintained for all concerned. Information should be handled and disseminated on a need to know basis only. This includes the following people:

- The FUFC Child Welfare Officer and other senior FUFC officers.
- The parents of the person who is alleged to have been abused
- The person making the allegation.
- Social services/police.
- The alleged abuser (and parents if the alleged abuser is a child).

Farnham Unihockey & Floorball Club

- Seek social services advice on who should approach the alleged abuser.
- Information should be stored in a secure place with limited access to designated people, in line with data protection laws (e.g. that information is accurate, regularly updated, relevant and secure).

INTERNAL ENQUIRIES AND SUSPENSION

The FUFC Child Welfare Officer will make an immediate decision about whether any individual accused of abuse should be temporarily suspended pending further police and social services inquiries.

Irrespective of the findings of the social services or police inquiries the FUFC Disciplinary Committee will assess all individual cases to decide whether a member of staff or volunteer can be reinstated and how this can be sensitively handled. This may be a difficult decision; particularly where there is insufficient evidence to uphold any action by the police. In such cases, the FUFC Disciplinary Committee must reach a decision based upon the available information which could suggest that on a balance of probability, it is more likely than not that the allegation is true. The welfare of the child should remain of paramount importance throughout.

Support to deal with the aftermath of abuse:

- Consideration should be given to the kind of support that children, parents and members of staff may need. Use of helplines, support groups and open meetings will maintain an open culture and help the healing process. The British Association for Counselling Directory is available from The British Association for Counselling, 1 Regent Place, Rugby CV21 2PJ, Tel: 01788 550899, Fax: 01788 562189, E-mail: bac@bacp.co.uk, Internet: <http://www.bacp.co.uk>.
- Consideration should be given to what kind of support may be appropriate for the alleged perpetrator.

ALLEGATIONS OF PREVIOUS ABUSE

Allegations of abuse may be made some time after the event (e.g. by an adult who was abused as a child or by a member of staff who is still currently working with children).

Where such an allegation is made, the club should follow the procedures as detailed above and report the matter to the social services or the police. This is because other children, either within or outside sport, may be at risk from this person. Anyone who has a previous criminal conviction for offences related to abuse is automatically excluded from working with children. This is reinforced by the details of the Protection of Children Act 1999.

ACTION IF BULLYING IS SUSPECTED

If bullying is suspected, the same procedure should be followed as set out in 'Responding to suspicions or allegations' above.

Action to help the victim and prevent bullying in sport:

- Take all signs of bullying very seriously.

Farnham Unihockey & Floorball Club

- Encourage all children to speak and share their concerns (It is believed that up to 12 children per year commit suicide as a result of bullying, so if anyone talks about or threatens suicide, seek professional help immediately). Help the victim to speak out and tell the person in charge or someone in authority. Create an open environment.
- Investigate all allegations and take action to ensure the victim is safe. Speak with the victim and the bully(ies) separately.
- Reassure the victim that you can be trusted and will help them, although you cannot promise to tell no one else.
- Keep records of what is said (what happened, by whom, when).
- Report any concerns to the FUFC Child Welfare Officer or the school (wherever the bullying is occurring).
- Action towards the bully(ies):
 - Talk with the bully(ies), explain the situation, and try to get the bully (ies) to understand the consequences of their behaviour. Seek an apology to the victim(s).
 - Inform the bully's parents.
 - Insist on the return of 'borrowed' items and that the bully(ies) compensate the victim.
 - Provide support for the victim's coach.
 - Impose sanctions as necessary.
 - Encourage and support the bully(ies) to change behaviour.
 - Hold meetings with the families to report on progress.
 - Inform all organisation members of action taken.
 - Keep a written record of action taken.

3. Concerns outside the immediate sporting environment (e.g. a parent or carer):

Report your concerns to the FUFC Child Welfare Officer, who should contact social services or the police as soon as possible.

See 4. below for the information social services or the police will need.

If the FUFC Child Welfare Officer or other senior FUFC officers are not available, the person being told of or discovering the abuse should contact social services or the police immediately.

Social Services and the FUFC Child Welfare Officer will decide how to involve the parents/carers.

Maintain confidentiality on a **need to know** basis only.

Farnham Unihockey & Floorball Club

See 4 below regarding information needed for social services.

4. Information for social services or the police about suspected abuse:

- To ensure that this information is as helpful as possible, a detailed record should always be made at the time of the disclosure/concern, which should include the following:
- The child's name, age and date of birth of the child.
- The child's home address and telephone number.
- Whether or not the person making the report is expressing their own concerns or those of someone else.
- The nature of the allegation. Include dates, times, any special factors and other relevant information.
- Make a clear distinction between what is fact, opinion or hearsay.
- A description of any visible bruising or other injuries. Also any indirect signs, such as behavioural changes.
- Details of witnesses to the incidents.
- The child's account, if it can be given, of what has happened and how any bruising or other injuries occurred.
- Have the parents been contacted?
- If so what has been said?
- Has anyone else been consulted? If so record details.
- If the child was not the person who reported the incident, has the child been spoken to? If so what was said?
- Has anyone been alleged to be the abuser? Record details.
- Where possible referral to the police or social services should be confirmed in writing within 24 hours and the name of the contact who took the referral should be recorded.

If you are worried about sharing concerns about abuse with a senior colleague, you can contact social services or the police direct, or the NSPCC Child Protection Helpline on 0800 800 5000, or Childline on 0800 1111.
